Y1H	93%
Y2	92%
Y3	93%
Y4	90%
Y5	91%
Y6	91%

Brand New Nursery and Opening Hours

We will be opening our newly built and fully equipped Nursery class in December for our current class. In January we will be offering 30 hours provision for families that qualify. If you know any families who have a child 3 years of age that would like to move to our fantastic new Nursery then please ask them to call the school office. We have had half of our places taken already by new families. Those children in Nursery will have priority for our Reception class next year. Reception class is also having a major renovation in July.

Mini Medics

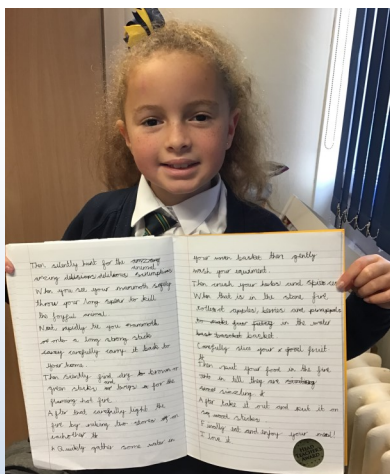

We are proud to announce that Y4 & Y5 children have successfully passed a Mini Medics course. They are now able to carry out CPR and basic first Aid.

A massive thank you to Jon from Immediate First Aid (immediatefirstaid.co)

Another of our fantastic, free after school clubs where the children get to express themselves. Miss King and Miss Ginley have become dance captains and produced some fantastic routines with the children. The children have been dancing to Taylor Swift “Shake It Off”. There has been so much laughter coming from the hall—the children have loved it. The dance club will put on a show for parents towards the end of term. Further details nearer the time

Laken produced amazing instructions this week. She wrote detailed instructions for Ug to cook his food based in the stone age. Brilliant use of imperative verbs!

Ava just knows that Mr Richardson loves Lego so she created a story based around her Lego starship!

Rangoli & Diwali

This week Reception have been learning all about the Hindu celebration ‘Diwali’. The children have been super busy making colourful Rangoli patterns and using their fine motor skills to create Mehndi hand art.
