Into University

We are extremely lucky to be working with Into University. Our Y6 children have been at their base all week taking part in an Oceanography Degree course. They visited The Maritime Museum on Wednesday to study the history of studying the ocean and how the ocean impacts our lives. The children are all successfully graduating today at Liverpool University.

Other year groups will work with Into University to discuss career options and pathways to university. Don't forget that children in juniors can access after school support throughout the year. Pop in and ask about what they can help the children with.
