Moments matter, attendance counts!

Year 6 have been tracking their own progress in arithmetic tests and these three have blown away their own targets. With an amazing increase of over 16 marks extra over the past two weeks. Great work everyone!

Attendance Surprise Day

On Wednesday we had another surprise day—the children enjoyed watching a theatre perform The Jungle Book.

Reading For Pleasure

Great news! We have a LOT of new books in school and a brand new area being developed for reading. We have had over 500 new books and equipment delivered from our application to the Literacy Project. The children have also worked with Mrs Bayley on choosing over £1600 worth of additional reading books. We will be opening our new reading base soon after we have received training on how to use the equipment which includes a new system for audio books. Our children will benefit a huge amount from this massive investment of money, time and expertise!

Nursery and People Who Help Us

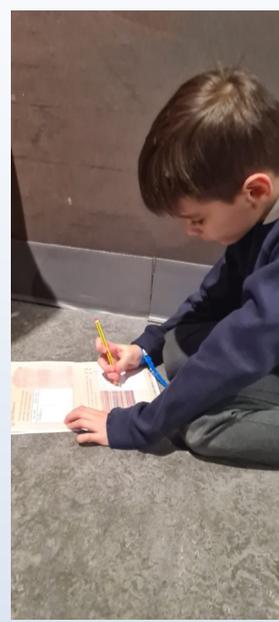

Nursery have been finding out about people who help them in lots of different ways. The children brush their teeth daily in school and so explored the role of a dentist in helping us stay healthy. Miss Marsh is getting a scale and polish!

Year 3 Egyptian Trip

Last Friday Y3 went on a fantastic trip to Liverpool Museum to reinforce their learning about Egyptians. They took part in embalming the body of the Pharaoh. There were lots of opportunities to explore and find out even more!

Mr Richardson was very proud of the children when he received an email from the museum saying how polite and respectful the children were on their visit!

Maths In Y2

Do you know how your child is working out their maths homework? If not why not attend one of our parent maths courses. Call the school office for further information. This is the whole part model where children look at place value.
