

A new baby

There is a baby in
mummy's tummy.

When the baby is here,
it will be really small.

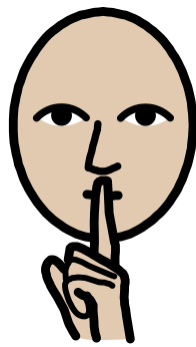

When the baby is born
you will be a big

You can talk to the
baby and make them
smile

The baby will sleep lots
and will like to take lots
of naps.

We have to be nice
and quiet

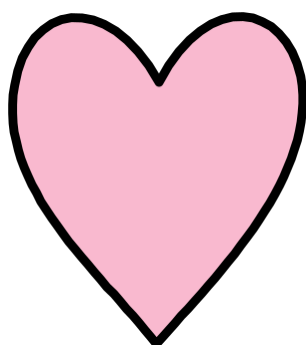

Sometimes the baby will cry, this is ok, they might be hungry or tired.

To help the baby, we can help to do jobs

When you play with the baby you have to be very gentle, they are very small

My family love me and the baby very much!
